

Announcement of Workshop of COST Action FP1402 **“How will we plan and build in 25 years and how will this process be regulated?”**

Wednesday Sep. 12th – Thursday Sep. 13th, 2018
Oskar von Miller Forum, Munich, Germany

Objective: The Workshop shall serve as a forum for open discussion of ideas on the question “How will we plan and build in 25 years and how will this process be regulated?”.

This comprises developments in the field of digitalization (e.g. BIM), automation (e.g. robotics) and artificial intelligence (e.g. neural networks, big data) and their implications on jurisdiction, building law and code writing.

Participation: To enable open and productive exchange of ideas, the Workshop is limited to 25 participants. These will receive reimbursement of their travel and subsistence costs as well as an invitation to join the Final Conference of COST Action FP1402, Sep. 13th – 14th 2018 at the same venue. The workshop will benefit from a good mixture between practice and academia and is not limited to the timber construction community. Young professionals are especially encouraged to apply.

Application: Participation is based on a one-page written statement of ideas on the above-mentioned question. The review of applications and selection of participants will be done by three members of the Core Group of COST FP1402.

Workshop: All participants will be invited to present their ideas in a 5-minute presentation, followed by open discussion. The Workshop will be held from Sep. 12th, 12:30 – Sep. 13th, 11:30.

Where to apply: Please forward your application via: <https://goo.gl/forms/g3j6jSN143mg3dT62>

When to apply: Applications are accepted between May 1st and July 1st 2018.
